good luck whit sell

T3eS 2 - July 28, 2012, 2:28 pm

But it is best VPN with full speed as far as i have seen.

It has good proxies with maximum reliability and hope someone may need it for other uses as it is only 25\$ from me.

Interested but don't have LR so will have to exchange with someone.

Pls can you confirm that it's still available & that it's licensed only to you (i.e.- you are able to install it on 3 devices).

Thanks.

This is what I think. This account is carded.

2:00 - E-mail Address is created

2:15 - HMA Pro Account is created

2:20 - Carded the membership for 1YR

Screenshot shows HF in the tab. He knew he wouldn't be using HMA.

If you purchase this by LR, the HMA account will soon be suspended and you'll be IP Banned. And you can't dispute due to LR and not PP Payment. That's why he don't accept PP so called "smooth transaction" excuse.

DO NOT PURCHASE. Waste of money; and you're supporting a Credit Card Thief. I've purchased a HMA account; no one instantly off-sells a premium account for 65% of the value in minutes.

Common-sense.

Hey, read them carefully. They are not scam reports lol. ?

I do legit sales here and i'm not new in marketing. It seems you are newbie ? and just here to spoil my sales telling useless reasons.

If you want to buy, buy it or stay aside of it. I have done many deals here and i will get sales

anyway from legit buyers.

mkbond - August 10, 2012, 8:06 am
