Thread: [4 Boxes of 8oz Gevalia Coffee or Tea + \[FREE\] Coffee Maker - \\$9.99 SHIPPED! \[USA\]](#)

Rsynced - July 31, 2012, 6:18 am

I jumped on this deal awhile back before it expired and it worked out great. Seems they are running it once again...

Simply cancel the auto ship after you place your order and all will be well. I ended up doing this for my Mom and she loved it. We use the coffee maker every day and it's still working great.

Maybe you could contact them via email. They have A+ Customer support, overall a really good company. Drinking some of their coffee right now?
