Thread: [1000\\$ in 10 days....](#)

Lutz the Virtuoso - August 2, 2012, 4:09 am

Hello!

I recently discovered the method which gives you 1000\$ in 10 days.

I know it sounds unreal because you are thinking there is no chance to make 1000\$ so fast. Will I can tell you this. This method works!

I already tried it 2 times and it always worked for me.

What do you guys think about releasing this method.? Whats the price for that kind of eBook.?

Here are few details about eBook:

- Totally whitehat.

- Can not get saturated at all!

- 10\$ investment needed.

- Chance of losing money if you do not know what are you doing. (10\$)

So what do you guys think? Price for eBook? Releasing it or no?

Any kind of comments will be appreciated!

Okiyo - August 2, 2012, 4:14 am

I wouldn't release it if I were you but if you do you should make the price around \$20 maybe. It doesn't really matter because you say it can't get saturated ;).

I've purchased ebooks earlier from you and they are great. If you want you can send me a copy to review. Not pushing you in any way though.

Hashy . - August 2, 2012, 4:18 am

Why would you give a method out that can make you \$1000 in 10 days stupid idea

vlad_yo - August 2, 2012, 4:19 am

Do you give vouch copies?

I will vouch if it's good :D

Lutz the Virtuoso - August 2, 2012, 4:19 am

Thank you for vouch! Yeah this method can not get saturated in any way. As long internet will be alive this method WILL work for sure.

And yes, I do not want to sell shit that does not work like 90% of members here on HF.

This method is guaranteed money. But I really do not know for the price of that kind of eBook...

Please comment in thread what you mean about it. Thanks

(Aug 2, 2012 04:18 AM)Hashy . Wrote: [\[CITE\]](#) Why would you give a method out that can make you \$1000 in 10 days stupid idea

Simply because of extra money and because this can not get saturated in any way. Thats why. And if you put more money at the beginning you get more money at the end. I started with 10\$... If you started with 100\$ on your first day. Imagine profit.

And as I said there is risk of loosing your money...

Because the method doesn't work. Don't you know how eBook scams work?

"HEY I HAVE A METHOD TO MAKE YOU \$3000 A MONTH. I'LL SELL IT TO YOU FOR \$10 BECAUSE I REALLY NEED THE EXTRA CASH, EVEN THOUGH I'M MAKING \$3000 A MONTH."

Always a lie, don't be foolish enough to fall for it.

Of course it is the only methods that work are the private ones

You probably bought some shitty eBooks that did not work for you. This one works.! And I do not need extra money.... The thing here is more money you have to invest more you get out of this method. If you are so sure that this method do not work I can show you proof over teamviwer. Maybe then you will change your mind.

And because of people like you I probably won't release this eBook for now. I am asking for thoughts first. I did not say that I will release it. I am just asking first...

I will post payment proof soon ;) And other users who do not belive me I can show proof over teamviwer. That is all. And I am really thinking not to release this ebook because of your negative thoughts. Sorry if you were scammed by other shitty eBooks. But I am not the person who is selling shit.

Lifeless Angel - August 2, 2012, 5:04 am

Is this an HYIP well with HYIP you cant make \$1000 in 10 days so i think it's something else.

Lutz the Virtuoso - August 2, 2012, 5:08 am

It is not HYIP. It is something that I am the best in ;) Method cointain 10 rounds. 1 round per day. At the end you should have 1000\$ and something.

I've made multiple threads on how practically every eBook is a scam. If you want me to vouch for this feel free to send me a copy. If the method is legitimate you'll have a very trusted member to refer customers to.

I have thousands to invest if need be, money is not an issue to earn more.

Sakesh Rolls - August 2, 2012, 8:18 am

If this method is white hat and really brings in \$1,000 within 10 days via auto-pilot, then you should sell it for $\$1,000 * 36.5 = \$36,500$.

redpois0n - August 2, 2012, 9:19 am

Show some proof that you made 2000\$, if it is true I doubt you was gonna sell this.

Icarus Story - August 2, 2012, 9:27 am

lol, Guide to get 1k in 10 days. Goto college and get a job?

But on a real note. I would release 10 copies for 50 bucks each. Thats the best way to release ebooks so they don't get saturated, Only HQ members will buy it.

Punisher - August 2, 2012, 3:37 pm

OP, why don't you take that \$1000 and re-invest it in your method and make \$10,000 in ten days? Then repeat.. \$100,000 in 30 days?

Cody - August 2, 2012, 4:03 pm

If you're making \$1000.00 in 10 days, you would not need to sell an eBook at all. Nor would you release the method.

Scooby Doo. - August 2, 2012, 8:59 pm

Unless it's for free, don't release it. No one deserves to spend their hard earned money on some shitty ebook that DOESN'T even work.

You can post a edited screen shot of your paypal if you'd like, but that still doesn't prove anything. Let infinity use the ebook ACTUALLY generating 1000 in 10 days, if he verifies then you have a deal.

Yeah that is right. But I can make few extra \$\$\$ if I release method? Catch here is that this can not get saturated even if 1000 people will use 100% same steps like me. Actually there are Millions of people doing this but they are doing this in no right way. And here is also another trick. You can not get the round so you need to wait more than 10 days. But I make method 2 times in total 20 days, because I have knowledge in this area.

All members who bought my previous eBook know that my previous method works. There are also picture proofs from other members taken by camera with their HF username on list of paper. Yes I will give method to Infinity and he will tell if method is legit or not. This will not be vouch copy. He will tell what he thinks. It will be positive or negative review, we will see.

And no, I am not scammer.

Ps. I will talk with Infinity on Skype so he will confirm this.

630 - August 3, 2012, 2:58 pm

You can sell a method like this for \$30-\$50. You will need 1-3 vouch copies to trusted/respected members. Hope those members try it and give you a vouch. Sales will be slow at first, but once people have proven they have got money, they will vouch.

Lutz the Virtuoso - August 3, 2012, 3:21 pm

Giving out vouch copies is against the rules. I will give out 2-3 free copies and hope members will post honest thoughts about the method. You can be one of them if you want to. Pm me for more information.

christalback - August 3, 2012, 3:27 pm

I don't think you should sell it. If you really want people to trust on your e-book you should wait those 20 days and post payment proof of the \$2,000 cashout and all the progress of your "account". Basically you are saying you can make \$100 daily so I don't think why you would sell the e-book for less than \$100.

Regards,

-christalback

Lutz the Virtuoso - August 3, 2012, 3:39 pm

You do not make 100\$ daily. You start slow then you get more and more... At the moment showing method to 630 over skype. Hope he is enough trusted for you guys. I hope he will post some thoughts about method :P

Yes I do not want to sell shit. All my methods are working. That is because they are ALL different like the methods here on HF. It is not connected to PPD, PTC, eBay, Affiliates, CPA, GPT.... Nothing like that. I am working on other methods which are really almost not known in the USA. And yes, this will probably be my MAIN income for living. There is only 5% of failing with this method. And you fail if you do method wrong. If you know what are you doing you get money 100%. I showed this method to 2 people till now. All of them were impressed and they are doing method at the moment. Still waiting for Infinity to show him the method. He will tell then if this is worth of purchase.

And no, I still did not write eBook. Method is in my head for now. I will decide in few days if I will release method or no.

christalback - August 5, 2012, 5:04 am

I've seen his earnings over TV, I'm one of the guys that he showed to. It's not \$1000 in 10 days, he shouldn't have had created the thread with this title. In order to make \$1000 you need a larger investment than \$10. However you can start with \$10 and invest your earnings to reach those \$1k or simply start with \$1k. There's a risk of losing but I assume he explains a way not to. This will indeed work but you won't get rich right the way.

Regards,

-christalback

Lutz the Virtuoso - August 5, 2012, 5:52 am

Well it seems that you did not understand. I did not show you earning proof, I showed you the way how to make 1000\$. This was my testing account where I tested method. And you saw all profit I made. Let me know in case you are interested.

Mentoring - August 7, 2012, 8:31 am

This obviously does not work , or you wouldnt sell it.

You can make \$1,000 in 10 days , thats \$365,500 a year. Why would you risk losing that for the small price of say \$40 a copy?

Lutz the Virtuoso - August 7, 2012, 11:33 am

Because this can not be saturated in any way... This method is not known to US people. (Some of them know about this, but they do not perform this). It is practiced in Europe, specially on Balkan and Italy. And you make 1000\$ in 10 days if everything goes like it was planned in front. There is possibility that you reach 1000\$ in 12, 15, 20 days. It is all how much knowledge you have about something. I want to tell again for people who do not believe in this. THIS IS NOT SCAM! And I did not say that I will sell this method. I was just asking for opinion from other members.

Mad Maniac - August 7, 2012, 12:16 pm

Well someone utterly failed math class... 365 days in a year.... divide by 10 days... you get 36.5... multiply by \$1,000... you get \$36,500 a year... quite significantly different.

On topic: I don't mind verifying his proof of earnings or what not... I mean I generally give people the benefit of the doubt until proven guilty. Also, \$36,500 is not a living... atleast where I live. Anything under \$60,000 is like month to month living.

Hello HF, I got the chance to review this eBook and i'm going to post my perfectly honest opinion here.

I took a look at this method, and I really don't see any flaws in it. The method is very in depth and when Rofl said he used it and has experience he wasn't lying, this book is 30 pages, but there's 13 pages of factors, things to remember and keep in mind, the best sites to use this method on, and so much more. The intro is defiantly worth reading if you're not experienced.

The method is a good, long, and really packs the info in while explaining it well. It defiantly has the potential to get money. You can't invest the \$10 with Paypal, you have to use a card.

Overall, good method that can work. The amount you'll make is accurate to the one stated. I will update this post, or the sales thread with a picture of my new Ultrabook or Mac i'll be purchasing.

Thank you for the review copy Rofl.

Thats why I made this thread before creating eBook. I am sceptical just because of those kind of scam eBooks. It is not gambling, but it is related to gambling world... But it is NOT gambling itself. And sorry I am not 14 years old, I am 21. I am studying math and I discovered my own mathematical system. Well, it is probably known to someone but it is rare... And no it is not roulette to bet on red and double if loose... This method works for sure. I will upload few proofs in next hours. I am on my mobile phone now.

Did you read whole thread.? I already mentioned this. I did not say extra money or something but more you invest more you get. And 10 days is almost "unreachable" number at the begining because you are not expert in this area. But in math this thing is 100% possible. Most of people will not get 1000\$ in 10 days. Probably you will need around 20 days for ~ 500\$. It depends how good you are in this "thing". But I guarantee you if you will do this method for 2 months you will be able to get 1000\$ in 10 days, because there in no luck included thats why this is not gambling.

So where are your proofs and where is Infinity ?!

So you make \$100 a day but feel the need to sell a money making ebook on HF instead?
Legit, GLWS.

Well guys I was busy past few months. But I am still doing method and it still works. Here is so long waited proof. I took the picture with my camera just to see that picture is not photoshoped or edited in some way ;)

And I can still show you live proof over TV if you think this picture is edited in some professional way ;)

This amount of money was made in 33 days.

Yup, gambling. ><! Figured it had to be something shady. Oh well, glws!

This has to be something anyone can figure out with a bit of research. Or you're just plain lucky. The odds are always in the casino's favor, and sporting bets are too uncertain. Unless you're doing some type of matched betting, which is illogical due to the tiny free bonuses you get these days online.

I doubt this is legit. Why would u risk saturating your method for \$10 minuscule dollars when u can make thousands?? Every fucking eBook on this site has this same stupid guarantee and it never pans out for anyone.

Where did you even see that I am selling ebook? Please tell me smart one. And as I told several times in this thread. This can not get saturated in any way! And I do not guarantee nothing.

I just wanted to show you guys that this method is working. I am not trying to sell ebook or? and this is NOT gambling! It is INVESTING in sports betting. Of course you will loose sometimes but if you know what are you doing chances are really small. Thats all. Please read something about Sport INVESTMENT and not Sport GAMBLING.

Well I was inactive. Check thread in 10-20 days again ;) I will post new proof...

Edit: Here is the new proof. Made little more than 1000\$. It took me 12 days because I was unsuccessful one day :/
