Post below if you would like to trade freed back.

This is how it would work:

1. i put up an ad for 0.01
2. you commit to buying the thing
3. i mark as paid and as shipped(so u dont actually pay)
4. we leave each other feedback 5 stars!

Does having a certain amount of feedback make it so you get the payment instantly instead of waiting?

Lucidity - August 13, 2012, 6:06 am

I was wondering, if I could be the one to host the item, since I am currently seeking seller's feedback.

If not, I am still interested, however it is a major preference. <3
