Thread: [\[\\$1!\]\[BLOW OUT\] Rat spreading & monetizing guide \[\\$1!\]](#)

**Reject** - August 7, 2012, 4:41 pm

This e-book will teach you multiple unsaturated methods on how to spread your rat, and once you've spread it make profit! And I don't mean \$1 a week profit, I mean up to \$50 per day! I have been using rat programs and such for about 1 year now, and these are the methods I personally use to make profit and gain slaves!

The price of the e-book is \$1, I accept payment via paypal.  
Send \$1 to [hellscruel@gmail.com](mailto:hellscruel@gmail.com) and [PM](#) me.

- You will not distribute this e-book in any way -
- All sales are final, no refunds -
- You will contact me via HF private messaging for any and all inquires -

Ignore all posts by "Nox™" he has been doing nothing but flaming because I won't give him his \$5 back.

I finished the guide and I was like "Awww, man I wish he made more." Anyways. Great guide definitely worth more then he's selling it for! But he's just that awesome he is selling it for 5 bucks.

Simple eBook which puts all the spreading and easiest monetizing methods. The methods are good for a newbie who wants to spread his RAT as well as to make some money from it. Even though you will earn less, you will get a lot of slaves which will increase your earnings later on.

I'm glad you two enjoyed the e-book, it took over a year of experience to make sure these methods work, and about 2 hours to write the e-book.
