Thread: [\[XSS\]No persistent|Alexa Rank 1,743|Damn! LOL|www.damnlol.com\[XSS\]](#)

Vikta_ - August 8, 2012, 12:07 pm

I just found this XSS and it's one of the more descent ones I have found since it's a pretty big site. NO PERSISTENT though:(

<http://www.alexasiteinfo.com/damnlol.com#>

www.damnlol.com

And here's proof.

My first XSS I found a through a friend on Skype.

You just found that after some guy in the comment posted. Dude I look through the images everyday and those two are new ones. Go learn instead of just cypypasta.

Would you mind elaborating the reason as to why I would include that word in my previous post? I don't see the need.

Not at all. You see, you're like one of those who see's a status on facebook and write "FIRST!!"

With that said, your post didn't really help anyone, nor did it do anything for this thread. I just wanted to elaborate that?
