It's all about ranking youtube videos, if I were you I'd learn these four things. They are KEY in PPD.

Learn White/Grey/Black hat SEO

Learn basic website design

Learn how to rank youtube Videos

Invest in a HQ Mic!

Congratulations. I am using also the YouTube method, but my earnings are not approved yet for cashout.

Same here. I had YT videos and I was making about 1\$ a day or more but then my account got deleted. Now I have 33\$ and I don't know what to do ?

OT: Nice payout you got there. I really need to do something. Did you make all that from YT only?

That's LEGIT! Hopefully once my other website is completed I'll be making 1k a month. :3

Grillianz - August 18, 2012, 7:15 pm

Thats a little less than I make in a month with PPD

Really good for just starting out though

its annoying to think that some people make that in 1 day lol

Stev - August 18, 2012, 9:13 pm

Nice work man, and yeah YT is the main key ;)

I will expect my pay check soon as well.

It's about finding the right niche and investing a good amount of money!

You don't need to invest anything, I also started last month cashed out 300+\$

nothing great about niches. Its how you promote them..I am into making at-least 1k a month now.
