The theme, it hurts my eyes. TNZagreb, if you need any help editing the theme let me know since I made my own ones before. ;)

EDIT: Hmm, looks like someone's editing the global.css now, looks better. :)

Diarrhea green theme :P

Doesn't seem very Original to me. Seems like you based it off HF.

Other than that i like the logo font. You should work on making it MORE ORIGINAL, maybe a custom theme?...
