Community is a hilarious TV series about 7 students attending Community College in a fictional town by the name of Greendale, Colorado. It has some very good actors, including "The Soup"'s Joel McHale, mastermind Donald Glover, and other actors like Chevy Chase, and many others, here is the "lineup"

Joel McHale - Jeff Winger
Gillian Jacobs - Britta Perry
Donald Glover - Troy Barnes
Danny Pudi - Abed Nadir
Yvette Nicole Brown - Shirley Bennett
Alison Brie - Annie Edison
Chevy Chase - Pierce Hawthorne
Kim Jeong - Chang
Jim Rash - Dean Pelton

And many more guest stars, such as Owen Wilson and Jack Black.

There are currently 71 episodes, latest being released at the end of May 2012, with 3 seasons, the 4th season is expected to air October 19th, later this year. Community directors expect to produce 6 seasons and a movie.

In the pilot, the first day at Greendale Community College is starting, and 6 students are brought together by a study group, and stay together through all of the episodes.

Jeff Winger approaches Britta Perry, a blonde girl he just wants to have sex with, but he is in for a wild ride. Jeff sees Britta studying for a Spanish Quiz, and says he's a Spanish master and will help her study, convincing her with a Spanish sentence that doesn't even make sense, at this point Britta isn't the slutty blonde Jeff thought she would be, but she still falls for it and comes to the group meeting.

I don't remember this part exactly how I wish I would, but Jeff goes to a professors office to talk to him as they are good "buddies", and when he comes back, several members of the Spanish Class (By that time it was taught by Senor Chang) are sitting at the table, which only Britta and Jeff were at before he dismissed himself.

Jeff then admits he doesn't know very much Spanish, and gives a very long speech, one of many that he gives out, because he used to be a lawyer but was kicked out because of his fake degree. The group then gathers outside, with Jeff being sad, and they all cheer him up and admit they came off a little harsh, and the episode then ends with them actually studying Spanish, something Jeff

hadn't intended to do.

I'd sit here and summarize all of the episodes, but why do that when you guys can watch it yourselves?
