Exactly, it was an offer, if you went into a store and bought a buy one get one free item, you would have to have both of the items back to get a refund. I sent you my other e-book to make up for it.

I won't have the third one because I don't get an Ipad or Iphone and if I wanted to buy that one, I could paid for that, not for this one :\.

You're the only guilty!

??g??z???z - August 22, 2012, 4:45 pm

The third one, you don't need an i device, there's 4 methods in there.

You basically want me to give you the second e-book for nothing.

NeSsCaFe - August 22, 2012, 4:47 pm

Think about why I choosen the "spread" e-book as bonus and not what you gave me as third e-book?

Man I don't care about it, I really need that money because I've worked too hard to get them and I

won't split them for a scam.

??g??z??z - August 22, 2012, 4:49 pm

Yea, exactly, you chose it as a bonus, so if you get a refund for the first one, you're paying nothing for the second one, and you've read through the third one, if you didn't want it as much as you're testifying, then you wouldn't of even read it. Honestly, you're pathetic, if anything you're the one trying to scam me out of my e-books.

Fuck it, I'm gonna be the better person and refund you, you basically just got 3 e-books for free, so if anything, you're the scammer.

omgitzorbz is a legit user, alot of people will vouch for his e-books.

he will not have scam you and if he did i would be so surprised.

You probably jumped so fast to reporting him, you should always give it 24hours.

EDIT: you paid for the product, you didn't ask him if it worked or not, he gave you exactly what you paid for :)
