Thread: [? ? Best proxy lists on HF L1 Elite + Socks 4/5 + YT Bot List ? ?](#)

Black Shadow - August 23, 2012, 5:42 pm

I thought I would give you all some decent proxies, fast and that actually work.
The only proxy's you should use are High Anom, don't bother with anything else as they are useless, I even don't like socks proxy's I find they tend to lag.

If you use my proxys I just ask for a reply in the thread to keep it alive.

No longer available I have now closed this free service due to me opening private proxy site.

High Anonymous (L1)

Timeout = 0 - 1 second

Socks 4/5

Timeout = 0 - 1 second

Use these in the attached file for youtube bots Cracking programs and Bruteforcers

(L1 + L2 + L3)

Timeout = 0 - 2 seconds

Very nice list of proxies, mind if I link to your thread from a tutorial? Is this a living thread? Meaning will it be updated?

Kind regards,

- ETERNAL
