this kid scams people dont buy it i paid 15 bucks for 2 logins for lifetime cause he said he would do that and then not even a week before i buy it he says since its a new server all memberships have to be renewed and tried making me pay 15 more so i gave him 5 too his partners paypal next day later tells me too dispute it and then disables my putty and says ill re activate yours when i get the money BIGGEST SCAM ON HF

VerRsE - August 26, 2012, 7:20 pm

A?a¢?? A?64™ - August 27, 2012, 6:27 pm

Booters legit. I have tried it and also owner is taking care of it all and won't shut down.

I'd advise strong caution to all new members on this thread. Looks very sketchy with the lack of vouches, lack of HF l33t/uber status, lack of vouch, fairly new account, and low cost.

iTzAHackerr - August 29, 2012, 11:06 am

DONT BUY!! this kid scams you out of everything! He scammed me out of a booter login and said "you sent it to the wrong person" and i sent it to who he said. also bought 3 scripts from him and he gave me them 1 worked but didnt hit for crap and the other 2 didnt even work! DONT BUY FROM HIM HES A SCAMMER!!!!
