Thread: [? Advertize In My YouTube Video ? 1 Million Views ? 6000 Views/day ? As Cheap As 2\\$?](#)

DaaS - August 26, 2012, 3:22 am

Hey guys

I have a video in youtube that has 1.6m views (6000 views/day)

and I'd like to make some money off of it.

so I'll post an annotation with whatever you want for a reasonable price.

The price varies depends on :

The zone of the annotation in the video.

How big you want the annotation.

How many second you want (video has 17 sec).

How long (min 2 days - max 1 month).

PM me your offers or post here.
