"DreamTemplate - Templates | THOUSANDS OF HQ templates | 1\$ For TWO!!"

C+P a thread is now funny? I don't think that the guy who actually wrote his thread will find it funny lol.

Well you found it funny. So i win :P

so sad to c+p a thread, don't steal other people's stuff. You just ripped off his thread and lowered his price, just like a big "fuck you". There's no problem lowering the price, but don't rip off your competitor's thread.

Dafuq is this, i thought it was my thread. Makes me sad.

I guess I have to lower the price, damn.
