Lover200XD - September 8, 2012, 8:46 pm

Thanks bro it.s working :-)

shortshort

Godsmack - September 8, 2012, 8:46 pm

no problem :) thank you for vouching for me!

vag belch - September 8, 2012, 8:49 pm

smells legit, have a pouch couch vouch my friend,

?eumonic - September 8, 2012, 8:52 pm

vouch for this user. resovler seems to be working.

Godsmack - September 8, 2012, 8:53 pm

Thank you everyone :) im going to edit with your vouches :)

Khaos Theory - September 8, 2012, 8:56 pm

Vouch seems to working well. Slightly slower then other resolver, but whatever.

poopscoop - September 8, 2012, 8:58 pm

how does this work? and what does it do? sorry for the stupid question just wanna know

iCorb0 - September 8, 2012, 9:05 pm

Imao wrong section has nothing to do with vb.net

?Mephobia - September 8, 2012, 9:10 pm

Hmmm, didn't work for me... anyone else?

Godsmack - September 8, 2012, 9:17 pm

@iCorbo yes, i posted in wrong section, may a mod move it?

@Mephobia, maybe you typed skype name wrong, it has to be an active skype name.

(Sep 8, 2012 08:58 PM)poopscoop Wrote: [CITE](#) how does this work? and what does it do? sorry for the stupid question just wanna knowget the username of a skype user, and then you copy it and paste it into the box. then you press resolve

Au Jus Demon - September 8, 2012, 9:49 pm

How long does it take for it to give the ip?

Vouch after a second try it worked.

Godsmack - September 8, 2012, 9:54 pm

yea, sometimes there are errors :(but, im making a couple new api's so dont worry :)

i am re-uploading the resolver under a different link :) thank you for being patient!
