Hi mate you can spread the 2000 view over as many videos as you wish and if you want to add an additionally 2000 view i will charge \$4.89 per 2000 views my friend, or i can throw in 6000 for \$9.99.

Alternately you can buy real view via our site www.youtubeboosters.com

We also have live support if you need more help <http://youtubeboosters.com/Live-Support.html>

Thanks YTB
