That is beautiful.

It took me a while to notice the hanged man.

The extra sand mountains in the background were unexpected.

The lighting is fairy-like.

The shadows in the front were well created.

You really outdid yourself man, good job. Looks good enough to be an advert in a magazine, no doubt.

Wow thanks man I appreciate that! I hope you enjoyed the video too. I showed my dad and he

I really feel the concept of this one.... I dont know if its supposed to be so pixelated but it looks really good.
