Am a admin if theres anything yo guys well like added just ask.

?ark Matter - September 16, 2012, 3:56 pm

vouch this shit works my niggas uploaded my server there

DAVEologist - September 17, 2012, 4:21 am

Cool. Just one thing, why don't you allow PNGs??? That's one of the most common image formats and you don't allow it?

And also, how do you know the file size of a file in JavaScript?

For a free sign up.. Sorry if this is a stupid question but what is the max file size for upload?

OT: Very nice website you got there very simple to use, might be using it more than mediafire etc. because I like the layout etc.

Code 1,073,741,824

Gigabytes - Megabytes - Kilobytes - Bytes

So that means 1 GB? And not 100 GB? Lol. Fix the title OP. :)

LiveSupport - September 29, 2012, 3:39 am

lol we had it for 100GB for a bit but then it got over used lol so we put it at 2GB now :P

WE are hosting over 318files now and 10users :D

Chunked - September 29, 2012, 10:01 am

Vouch for this site. It's legit and easy to use!

FroFro - September 29, 2012, 12:23 pm

Do you give files to AV companies like Mediafire or Dropbox?

LiveSupport - September 29, 2012, 2:26 pm

lol no your files do not get scanned in anyway

Prettykitty - September 29, 2012, 4:20 pm

This is still runing guys if you need anything added tell me

formetoknow - January 11, 2013, 8:00 pm

Looks like this is down now right? Its not working for me

LiveSupport - January 20, 2013, 2:48 am

its back now fixed it all up

Thanks

DougX - January 20, 2013, 3:14 am

Is this the legit version of Multiple File Uploader or is it nulled?

looks nice though

LiveSupport - January 20, 2013, 4:07 am

Its a legit one am sure of that... we have been runing it for like 9months now or even more

LiveSupport - January 25, 2013, 2:36 pm

anyone wont anything added to the site tell me and ill try

nextecno - May 1, 2013, 4:35 pm

It doesnt work anymore RIP, just start using it... :(

LiveSupport - November 17, 2013, 4:42 am

Site been up for 3 years now any bugs report it to me

Silver Fang - February 2, 2014, 5:58 pm

Whenever you try to go to the site AV notifies about it. (it says its trying to download malicious program)
