Good job BME. I hope you sell it.I was directing it to BME but yeah. So why is BME selling it? if blue made it? Im confused ?.. Or is this just plain reselling, just with threads because BME is more popular or has the "power" to sell it (marketing-wise)?

Or am im just being a nut about this? ?

Yeah, I don't know what that guy was talking about. I was just joking with blue about her having the same name as this thread design.

As much as I am sure you are trying to help. It doesn't do a lot unless you can support what you are saying or if you have graphic design knowledge.

Astronome - September 26, 2012, 11:04 am

It's a very nice design, good luck with sales, worth the \$10
