Thread: [can someone run a virus scan on my .exe?](#)

phantomhive - September 16, 2012, 7:48 pm

I was wondering if anyone would or where i can safely scan it.

Your best bet would be elementscanner you get 2 free scans a day

monomo - September 16, 2012, 7:55 pm

you can upload to virustotal and check yourself.

fuck yourself VT DISTRIBUTE THE SAMPLE

mbrausch - September 16, 2012, 9:54 pm

i wouldnt use sites like virus total, they distribute sample and it would become unfud very quickly
