Thread: [File Ice vs Dollar Files?](#)

Which do you prefer?

File-Ice?

Or DollarFiles?

Thanks for your opinions!

Filceice can pay more out and is more professional and trusted but DollarFiles pays out at less so I would select FileIce, most of my earnings come from Uploaddee at the moment and I have tried DollarFiles out and let me just say that it is one of the worst PPD sites about.

File-Ice is honestly the best website out there I have yet to be accepted but I have friends who have made a ton!

I find DollarFiles better because they accept everyone and they provide good support through Skype and Forums.

Different PPD sites work for different people.

Our net platform, which is just a couple of weeks away from being ready, will blow you away!

I like both PPD sites.

File-ice is longer in the game, so of course they look a bit more professional. But if you look at Dollar files, which is only online for a month or more and they are doing this well already.
