Flippy. - September 21, 2012, 9:09 pm

This is fucking stupid. You can do the same thing on a phone.

SMCMB - September 22, 2012, 11:27 am

i just thought it was yes very stupid but very interesting

?nxy - September 22, 2012, 3:54 pm

Lol... are you serious? This thread can't be happening. You're a troll.

Zymfk - September 22, 2012, 6:22 pm

What the actual fuck. You just made me lose 2:11 of my life. Thank you.

hitz - September 27, 2012, 5:13 pm

wow.. you mean anyone can post on youtube?

nuk - September 30, 2012, 1:05 pm

DUDE OMG! I just fuckin' typed my name in notepad and saved it and when i opened it again....MY NAME WAS STILL FUCKIN' THERE!!!! ----making a video for you all now, i'm def. gonna get like +99 REP for this shit

Seriously dude, r u serious!? I'm only assuming that you're 8 or 9 and have just figured out a 15+ year old "glitch"... or you got some good nugs, in which case you should PM me immediatly!! :)

Puruttya - September 30, 2012, 5:38 pm

That's really cool! I'm going to give this a try now.

Gumbys - February 12, 2013, 5:09 pm

lol, old news i've found that kind before,

Motorhondafits - February 12, 2013, 7:41 pm

i ve found latest of that bro....
today..
