Andrew L. Harrison - September 21, 2012, 11:08 am

I think WarriOR™ have some sort of internet connection issue.

Both of you are trusted members in HF..

Hope he come back and complete your deal soon..

!ron m@n is very good members ,trusted and legit exchanger.

I had some deals with him earlier.

Hope he will get his money back soon..

Kainaan - September 21, 2012, 11:09 am

Wow man that sucks. But may I ask what is this whole LR PP exchange thing? I hope you get your money back or he sends you the exchange.

GodlikeGuy - September 21, 2012, 11:09 am

I'm sure Warrior will post here soon but his Paypal got limited, just give it a few days for him to get a chance to fix it.

bad - September 21, 2012, 11:16 am

I dont think Warrior will scam you. Just waiting for his response on the thread.

N3oNight - September 21, 2012, 11:16 am

Laxzor - September 21, 2012, 11:21 am

warrioR wouldnt scam bro, this is for sure ? but what just happened should be resolved asap

[b]/[b] - September 21, 2012, 11:29 am

Warrior is a legit member I have done exchanges with him in the past I don't think he would scam for 175\$ LR.

When he comes on he will most likely refund you.

If he's not a scammer, he should atleast told him once to wait for some time, and he should not removed him from his skype after taking LR from him ;P

It's a clear scam. Fuck him Iron bhai..

Websync - September 21, 2012, 11:33 am

And again another marketer member with scam reports. Remember me to never deal with that group.

GL receiving you money back OP.

People like him think because they have a very good exchange thread and have had no scam reports in the past that they'll get away with it and people will be on his side more.

I've learnt to never trust anyone on HF, only ever trust Omni.

Ub3r's are going around scamming for a couple of dollars, never mind the 'legit' exchangers like WarrioR.

Bluey - September 21, 2012, 11:39 am

The scan report overall looks legit.

I know IRON MAN and he wouldn't make a fuss unless there was a real issue.

Dr.Coder ? - September 21, 2012, 11:45 am

Good luck getting this solved bro, I'm very sorry for your loss bro.

IMachavelli - September 21, 2012, 11:47 am

Yeah this looks legit. Good luck with getting your cash back. I dont understand why he would delete you off skype if he wasn't scamming.

Hope you get your Cash back bro. Please stop those usless Posts from Friends legit blabala.

Brownie - September 21, 2012, 2:37 pm

WarrioR™ deleted the thread where he mentioned about the paypal problem.
I lost around \$50lr. This guy is now in scam a payroll. I suggest no one to deal with him.
Hope we get the money, !ron m@n.

And those who are still supporting WarrioR™, fuck off.

This was an obvious scam and, go try to find his pp thread. He deleted it.

Let him return the money back to all of em and even me and then lets decide whether he is legit or not.

My legit pp is fucked with this charge backs from the people you say are legit including him, WarrioR™.

Mr.Allen - September 21, 2012, 2:37 pm

Good Luck on getting your money back.

D?xing - September 21, 2012, 2:54 pm

Wow right after I post my thread I see 2 other reports on him crazy

MasterCurser - September 21, 2012, 3:12 pm

He tried scamming me as well when I posted in currency exchange section. He wanted me to do a bank transfer, glad I refused.

Ondernemer - September 21, 2012, 3:34 pm

You can obviously see he is a scam artist, fucking idiot members like him should be banned

FOUNDER - September 21, 2012, 4:29 pm

I hope you get it resolved soon. I was about to deal with him for an exchange. Thank god i saw this !

Dr. Michio Kaku™ - September 22, 2012, 1:09 am

Well they say he is hacked. Though i don't get why will hacker ask money on same LR acc. as his. Also gaining access to LR is quite difficult.

I was talking to him on skype too.

I "sold" something for him and he said the item has already been shipped. I'm not really worried about the money I'm just worried about the buyer where the money originally came from.

I will give him a couple hours and if he doesn't provide me the tracking number I will file a case.

He's banned because of "Possibly Compromised account" which is obviously bullshit.
