Waiting for Warrior's reply on this. :/

Dr.Coder ? - September 21, 2012, 2:54 pm

It looks like Warrior is on a scamming spree ...

Paran?rma1 - September 21, 2012, 2:54 pm

Anyone else notice that rep, posts, groups ect don't matter or change you at all?

Why scam in the first place?

Seems legit, hope you get your money back man.

MasterCurser - September 21, 2012, 2:55 pm

Man, am glad I didn't do the exchange with him, he was going to scam me \$100 :O

He told me to transfer him through bank transfer and was really trying to make the trade. It was a currency exchange (PP to LR or bank transfer to LR)

Kainaan - September 21, 2012, 2:55 pm

Yeah there was a post earlier today about him scamming another member. Man that really sucks, I hope everything gets resolved and he is dealt with :/

The only thing I can think of is when people no longer have any more money, and need some they will do anything for a penny.

That is also true.

But it is just that scamming, you can both get in a lot of trouble on HF and a lot of legal trouble as well.

Overall, scamming is just a stupid choice to resort to.

He scammed me also man. It says his pp is Non US and unverified from my pp. He posted a thread about his pp problem and soon he removed it. I posted on that also. He said to contact pp and give his information. All are fake man. He had 10+ charge backs from his account. My pp is fucked and its in negative. I wish I could get the cash back so I don't have to fix any shit.

If this is so why would he remove/block everyone from skype(that have scam reports on him) just seems fishy tbh

That really sucks, I don't want to hear members "his pp got messed up etc" he has not contacted me about his issue nor could he since he has me blocked

I contacted him when I saw the charge back and he was kinda neglecting me.

He was like don't haunt me and all.

A better solution is to call PP or respond with a believing story.

If his account would be limited, they would not had chargebacked on 3 transactions.

'Cody - September 21, 2012, 4:49 pm

Doesn't matter if PP did it or he did it manually. Up to him to pay the money back.

Hikki - September 22, 2012, 5:27 am

Didn't though he would scam. Someone must have stolen his account.

That is not Warrior. Im having his skype and its different. This is a stolen account.

So the person who "stole" his skype also has same Ir has him pretty weird.

Laxzor - September 22, 2012, 11:02 pm

It is WarrioR indeed and he is scamming becoz some HF members scammed him and he lost 572\$ or something, coz he is the only one who knows about my project and he talked to me about it when he came online yesterday

He said that to me on skype, he lost money and he is letting you guys payback what he got scammed for not fair is it ?

Hexicidal - September 22, 2012, 11:05 pm

If your aaccount is stolen you are still responsible for all deals made.

Neal Caffrey - September 22, 2012, 11:08 pm

Doesn't matter if his account is hacked.

He is responsible for his account, and it's HIS fault for getting it hacked.

Odds are he'll just disappear soon.

Laxzor - September 22, 2012, 11:08 pm

He is not Hacked, He is scamming people coz he got scammed by HF members

Well if you can verify with proof of PMs etc that it's him, then by all means, go ahead and send it to an admin (:

Yeah, I see where you're going with this.

It's obvious that he's been scamming heaps of members, but I suppose this report proves he wasn't :3

I would suggest posting this in his other scam reports to alert them they are not dealing with a compromised account :3

The Decoder - September 23, 2012, 6:21 am

he recieved a repfucked ?

too many scam reports against him

Tor - September 23, 2012, 10:15 am
