Maghbool - September 28, 2012, 3:58 pm

You can't release ub3r links. Against the rules.

If it was against the rules then I'm pretty sure Omni would have said so on page 2 ;)

I can visit the ub3r section just like any other l33t, but even if I was ub3r I probably wouldn't visit there anyways, but this is global for everyone, so this is still better. ?

King of Clubs - September 28, 2012, 4:28 pm

I do not get 2011's joke (<https://hackforums.net/aprilfools2011.php>) that makes no sense. Seems like a waste of DB space.
