Like that, either transparent background or white.
just anything like the java loading one or w/e

It's good looking.

Resize it with some easy html..

Oh well if you want a custom one you probably have to get to the buyers section.

Edit: I can use google (again)

I'm pretty sure white blends with white.

Still selling this method btw: If anyone one need an ebook about color blending here's a preview:

Code color - blends with

RED - RED
BLUE - BLUE

Vouch I bought early copy, legit seller GLWS

MyLittlePony - September 28, 2012, 11:37 am

Guessing you want this for a JDB?...

Tricorn - September 28, 2012, 11:51 am

The Purple Snail - September 28, 2012, 6:59 pm

Hey Bolt.

I made your signature :)

I can make a custom loading bar if you would like?
