Thread: [Source - Drag and Drop Example](#)

SomeWhiteGuy - September 28, 2012, 2:55 pm

So my thread got deleted? lol

If I am violating some rule, which I am 99% sure I am not, feel free to contact me.

I remember when I had trouble with getting the Drag and Drop features that VB offers to work, so I thought I would write up a quick example for anyone that is having trouble also.

I don't have anything to do, so I thought I would just focus on examples atm that can be kinda tedious.

I was not the one who removed your thread. It looks fine to me.

Percocet - September 28, 2012, 3:26 pm

Lol, I love the "Holy Shit!" part. Looks pretty good.

I lol'd because it's true...

OT: even though this isn't that hard, better than 80% of all contributions to this forum.

serubi - September 28, 2012, 3:42 pm

"Dayum nigguh dis shit wrks!" Made me laugh :)

Looks very cool! Nice share.
