Thread: [Crypter Blueprint \[Direct Link\] \[No Post and PM\]](#)

b a e - September 30, 2012, 10:24 pm

So the only people giving this book away are either banned or stopped giving it away, and didn't even bother to post the direct link. Scrubs.

Anyway, since I'm so damn nice here's the link to the ebook plus the password needed to access it.

Since there is no post to PM or anything, keep the thread alive so other people can see this.
