## ABOUT

Merk is an Xbox 360 Clan only. This clan is only on MW3 but when Black Ops 2 comes out we will be on both. We only accept members that have COD Elite Premium. If you dont have COD Elite premium I might be able to make an exception if we have enough members that have COD Elite Premium due to the fact that only COD Elite Premium members are the only ones that help rank the clan up. We will be doing clan ops to rank the clan up. Also we only play HQ games mostly HQ SnD.

## REQUIREMENTS

- Must have COD Elite Premium
- Must have a PC

## HOW TO JOIN

If you would like to join just message me on Xbox saying you want to join MERK and tell me if you have elite premium. My gamertag to do that is at the bottom of this post.
