Thread: [Guide on hacking iphone games](#)

Puller - October 9, 2012, 7:25 pm

Well, I found this pdf file lying on my computer, it is a guide on hacking iphone games by using a hex editor. It's really only the basics, but it'll get you started and you'll learn something. I didn't write this, this was written by HBK, a very good iphone game hacker.

Pdf:

<http://www.mediafire.com/view/?0wcdommkdevb5a3>

Virus Test:

<https://www.virustotal.com/file/1a6e2e6c52f943eaae70a4a88c2d84a920615e0cdfa615371b0abef8809be676/analysis/1349835593/>

If this helped you don't hesitate to post.

Thanks for the share. It's interesting for me, I'll try as soon as I get home from school :)

Genius1223 - October 9, 2012, 9:44 pm

Interesting. o.O downloading now.

Thanks for sharing!

Grin - October 9, 2012, 9:48 pm

THanks, I'll take a look. And thank god for no PM ME.

Genius1223 - October 9, 2012, 10:55 pm

"THanks, I'll take a look. And thank god for no PM ME."

true that.

God hate those pm me threads :@

mattse123 - October 9, 2012, 11:19 pm

Thanks for this, very nice share :)

Zylo - October 10, 2012, 10:18 am

Thanks for this, going to look at it asap.

Puller - October 10, 2012, 9:52 pm

For the people who downloaded it, I would like to see feedback on what you thought, is it useful?

Grin - October 10, 2012, 9:52 pm

How about this? Haven't opened it yet. :P lol

Well when you do post your feedback, it's a pretty good read.

Grin - October 10, 2012, 10:00 pm

I will do that, once I do. :D Thanks again.

Genius1223 - *October 10, 2012, 10:02 pm*

Its a nice guide tbh.

Requires a little brain and work to do this but its nice ;)

gonna try it out for an app :p
