Thread: [Who Likes One Piece? Favorite Character & Favorite Moment?](#)

Just let me start off by saying that I fucking love One Piece, I've seen it four times now :P

One Piece has some epic moments that you will never see in other anime. Spoiler [\(Click to View\)](#)
Like when Zoro takes Luffy's pain and suffering like a boss or when Luffy throws the mother of all punches into the face that Bellamy douchbag.

But yea, Luffy is a damn badass, and let's not forget Zoro, Sanji, and I guess Brook and Franky too. Nami and Robin are sexy and Chopper and Usopp are just there...lol. If I had to pick a favorite character in One Piece, it's gonna have to be Either Luffy or Shanks, how can you not love Luffy?

Probably Zoro.

Those swords are just too fucking manly.

Zoro is like the definition of badass. I also love that he has the same voice actor as Hijikata from Gintama lol.

I like One Piece but I got really annoyed by how many fillers it has it takes forever ! But by far my favorite character would have to be Zoro those swords are to badass !

I'm only 147 episodes into One Piece, so far, I like Zoro, Luffy, and Sanji quite a lot.

In MMOs, I was always the swordsman class, so Zoro fer dayz.

Its a tough question, most would pick luffy for being the star of the show. I would too.

But power wise if I were to chose, I think blackbeard is in the lead because Spoiler [\(Click to View\)](#) in the manga, they announce he has been stealing other people's powers so I think that makes him pretty strong atm for that reason alone.
