Thread: [Graphics Battle?](#)

prada ? - October 11, 2012, 10:31 am

Hello artists,

I am looking to battle someone... want to make the theme really complicated and hard to work with on my part, so I have chosen Anime. I have never done an anime image/render and I do NOT like anime... so if anyone is up for the challenge post on this thread.

REQUIREMENTS

- NOT anonymous.
- Don't get people to vote for you.
- Vote FAIRLY.
- Anime!
- Some decent advanced skill. No beginners.

Good luck for whoever is up for the challenge.

I'm just wondering, but how beginner is "beginner"? o.o

Most people who are a beginner, classify themselves as beginners. If you don't think yourself as a beginner then you qualify. ?

What if I'm really cocky and have an inflated ego? ;D

I wouldn't know that, I would think people knew their level of skill and who they know is better then them and who is competition.

Again, I feel if the theme was something else it would be less of a challenge for me, and yes. You seem perfect. We both hate anime graphics so this should be interesting...

Any deadlines, am kinda working in something non-Graphics related.

Also, once we finish provide renders used just for the comparison.

Sounds good, will start now... no deadline just let me know when you're done.

No longer accepting challenges, found a person.

Is it just you two, or is it a threeway? D:

Anime is my specialty. If you are open to making this a threeway gfx battle PM me with details.
