Why you should win Pro on MCPVP:

If possible, can I transfer ALL of the money into credits so I can buy kits? So instead of spending \$20 on Pro I would like \$20 worth of credits, I play McPVP all the time, especially hunger games. I love it.

Why do I deserve this?:

Well, I have done many things to contribute to HF, I have never asked for much back. I deserve to gift because of my effort put into helping HF as much as I can. I can and will definitely keep contributing to HF to the best of my abilities, from the contributions of all these links and posts I have made to make Hack Forums a more fun and knowledgeable place I think that is just a great amount of things I have done. Thank you so much for this amazing opportunity and I hope I end up being a winner, thank you! This is such an amazing giveaway. I love members like this who decide that donating BACK to the community after everything that the community has done for them is the right thing, as you can see below I have done my fair share in giving back to the community, and I will definitely KEEP adding to my list because whenever I give back to the community, I know I will have an opportunity in getting things back for example this, I am getting back from this fine place we call, HackForums.

An Endless Cold - February 24, 2013, 11:49 am

I'd like to apply for the VIP, MVP, and PRO accounts. Although, I only want one account, if I win two or more, give the lower ones to others so more people can win and be happy!

IGN:AnEndlessCold

I should win because I'm a nice person (I guess I can't really prove that) and my username doesn't have x's added like this: xXAnEndlessColdXx

I hate when people do that :/

If I win could you also email me at mrostrowski@yahoo.com? Thanks and good luck to everyone!

Why should you win MVP on MCPVP: I'm a very dedicated player and I've actually had MVP before my first account got stolen, I put hard work into it and everything was lost so I bought another account and just want to get it all back. I play minecraft daily and have not played MCPVP in some time because of the accident but this thread has reminded of the good times I had and I want to start playing on the server once more and this would cerainly motivate me.
