LOVE these two.

Old ones, but I simply love them. SO FUCKING GOOD SYNCING!
By the way second one was the reason I watched Maria Holic to begin with.

I used to watch like shit ton of AMV's, but it gradually faded and now I haven't watched a single one in like months. Explains why all my favorites are ages old.
Damn you OP, now you've probably got me going on an AMV spree again.. -.- I'll post or edit this one if I find something interesting.

Edit:
I've been thinking of making an AMV for seriously over a year now. I have decent experience in Vegas and AAE, but being a perfectionist my standards are simply too high.. I can't get motivated to start :|
Had to get that off my chest.

Yep, main inspiration I guess. She started me off with a list and I rambled onto Naruto -sigh-.
