Thread: [5 moar hacked website\[for you guys :D \]](#)

drukoz - October 15, 2012, 2:55 pm

?

<http://pastebin.com/27d15THg>

it seems that i cant find a way to actually upload a shell to the sites ? if anyone can HMU in skype PM ur skype name thank you very much :D <3 ~~~T3hW0nd3rB0n3r

did my thread get deleted?

razem - October 15, 2012, 5:06 pm

Well, not much to say. Ok.. thanks, again. ?

thank you :D im just doing this for fun and trying to contribute :D?

Apple J4ck. - October 15, 2012, 9:16 pm

Thanks i guess ..

Well done ..

But i'd suggest you wont post those details and report the admin about the vuln ..
think about it .. those site never did anything & never published ..
Its your choice man ;) but good job .

~Apple?

76ers - October 15, 2012, 9:25 pm

Thanks man! I don't think I have a use for this though.

haha thanks for the advice :D and yeah men thats what i was thinking deface a couple maybe
upload some booters start my own booter probably will release it publicly :D there are basscially no
good COMPLETELY public booters

acatulaly would you mind helping me find some booter shells like really good ones you have your own booter maybe you can help me out?? PM me ur skype name or semothing liek that

Jae? - October 16, 2012, 3:16 pm

Oh, you used the same vulnerability exploit on every website to dump the details?
Please, tell me all about how much of an amazing penetration tester you are.
