Hmmh...where? Here are tons of almost same intros.

the 2nd intro looks like something you'd find in a simple vegas pro intro tutorial. but the 1st one looks like something my friend RobinoProductions would of made considering his previous work.

Hey,

I'm interested in buying an intro.

can you add me on skype? "anthony.girit".

Endanger™ - October 18, 2012, 6:39 pm

These are both just templates you edited. Anyone can do this and you shouldn't charge money for this.

Hmmh...maybe they will look same, but actually they aren't?

You can get those for FREE! No use buying them as you can search on YouTube for free Adobe and get the template.

NegativeRep - October 19, 2012, 11:52 am

Just to add on, id like to say that you shouldn't sell these models. more or less use this as preview & sell Custom work people are more likely to buy 100% unique to their channel intro's then templates.

Um, you do realize what you're doing it illegal right?

www.youtube.com/RavenProDesign

<http://www.ravenprodesign.com/terms-of-use>

"This does not mean it's "copyright free", however it does mean you are free to download the Intro, Templates, Projects and to:

USE - but "not" to copy, distribute and transmit the projects

Re-edit - to adapt the projects

Monetize - to make commercial use of the projects"

That means you cannot sell his intros. Both of the intros above can be found here:

First one I've seen somewhere, second one looks like the MW3 intro. -_-

I swear that I've seen both of these as a free template on YT.

If so, then you're doing this illegal. ?

Close this please. A point was reached that this should not be sold.
