Thread: [\[Warning\] Dont buy TDG Tejon crypter \[Warning\]](#)

Mr. Money™ - October 19, 2012, 2:10 am

Hello TDG tejon crypter is one of the best payed crypters he said it cost you \$40 and its backdoored, he hacked my e-mail after i bought it.

this is just a warning dont buy it its waste of your money.
And he will steal all your info

Thanks for reading and i hope i came @ the right moment with this

can you get a proof?
instead of just saying that its backdoored
A report without a proof is just like a car without fuel
its useless!get a proof!

*You are just trying to get your post count up. TEjon Crypter has not even been around in years why would you state "Thanks I was going to buy it, but now I wont"
