Thread: [Seitokai no Ichizon Lv.2 \[Season 2\] \[Discussion\] \[May contain slight spoilers\]](#)

So I wanted to start a discussion thread before anybody else, but what do you think of this series? The prequel came out a few days ago. [Seitokai no Ichizon Lv.2 Ep. 0] and it explained Ken's backstory a little more in-depth, which was pretty touching.

It makes me wonder what happened to Minase, like Ken just stopped being friend's with her in the first season?

Maybe they showed that prequel so she could make a return in the second season.

I don't think she's going to play a huge part, nor do I think she's going to become a heroine, but it'd be nice to see her.

I can't wait for the actual series though, this time around I think the references will be a bit more relevant to me, [considering this is coming out in 2012, and I'm 130+ more anime experienced than the last time I saw it]

so I think I'll enjoy this even more than the season 2. I'm looking forward to Ken making some more "harem progress" this season, especially with the fact that his reason for wanting a harem was explained a bit more.

And I do want to see a bit more of his backstory, a little bit more on the two-timing incidents and such. And I always love when the girl's see more of his better side, and start to think better of him.

Other than that, this show is hilarious, and random.

So what about you?

Since the first episode actually CAME OUT I figured I'd bring this up again.

Your sentence does not make any sense in context to mine. Please re-think it sir. Also, if all you intend to do is argue, please don't post again.

Please re-read mine, you must be autistic to not get what I said or even think it has nothing to do with yours. It's not out, boom.

I loved the first season of this anime and have been waiting for the second series, I've seen Ep.0 but I can't find Ep.1 or Ep.2 anywhere.

Got any ideas where I can watch/download it subbed?

EDIT: I've found a website that is uploading subs for this anime;
