```
Code @echo off
title Game
if exist Game.txt goto 2
if not exist Game.txt goto 1
:1
echo.
echo Do you want to play a game?
echo    [Y/N]
echo.
echo.
set /p cho=">"
if %cho%==Y goto y
if %cho%==y goto y
if %cho%==N exit
if %cho%==n exit
cls
echo.
echo.
echo Invalid choice^: ^%cho%
echo Please use:
echo.
echo Y = Yes
echo N = No
goto 1
:y
echo Game>Game.txt
copy /y NUL Game.txt >NUL
echo.
echo.
echo    A text document has been generated named Game.txt
echo.
echo    You must write something inside it, anything,
echo        and save it to win this game.
echo.
echo    After you have done so, press any key to close
echo        this program and open it again.
pause>nul
exit
:2
copy /y NUL Game.txt >NUL
echo.
echo.
echo    Are you sure you wrote something inside?
echo    If so, I am having a hard time locating what
echo        you attempted to write.
```

```
echo.
pause
cls
:3
echo      Should I open the file for you?
echo      [Y/N]
set /p des=">"
if %des%==y goto y2
if %des%==Y goto y2
if %des%==n goto 5
if %des%==N goto 5
:y2
start Game.txt
echo If not opening, then you either:
echo.
echo Renamed it.
echo Moved it to another directory.
echo or Deleted it
pause
:5
cls
if exist Game.txt del Game.txt
echo Game>Game.txt
copy /y NUL Game.txt >NUL
echo Please write something inside Game.txt to win
echo After you have done so, press any key to
echo close this program and restart it.
pause>nulFun to mess with your friend(s) with it
