Plot:

Spoiler ([Click to View](#))

Tomohiro Takabe is surprised one day when Mina Hayase tells him she wants to be more than a friend. Instead of being her boyfriend, Tomohiro is going to be her "sexfriend". With the help of the school nurse, the two spend their days in the nurse's office. The two then decide to further their friendship by trying out some new ways.

Art style:

Spoiler ([Click to View](#))

The art style is not as fluid and as smooth as some other hentai I have watched such as oni-chichi, however I felt captivated by this one. They really seemed to take the art and fit it just right that I enjoyed this.

Sound:

Spoiler ([Click to View](#))

The sound quality is very good, it doesn't skip ever and it is also in English dub. I usually prefer subs over dubs, still I really liked the dubs with this one. I was able to just be drawn into it and push everything else away from me. The girls and guys voices were not irritating like most English dubs. They sounded practical and like someone actually tried hard to make this.

Overall rating:

Spoiler ([Click to View](#))

I will rate this around 9/10, It could have been a little longer and the sex scenes were also a little short. Overall though this is a good series that someone recommend for me to watch, and now I pass that recommendation off to you. I hope you will all give it the chance that it deserves. ?

I have one suggestion.

Learn some grammar, and the differences between by, buy, and bye.

Unless that was a simple mistake, or unless English isn't your first language keep trying.

Way to be an ass, I apologize since I'm not perfect, I was so excited about this and my penis was so swollen with blood it took all the blood away from my brain.

You should definitely put a period after "perfect". Utilizing run-on sentences is a bad grammatical habit.

Someone should teach you how to English.

Spoiler [\(Click to View\)](#)I'm just being an ass. Nice review though.

A black hole is a region of spacetime where gravity prevents anything, including light, from escaping.

Surprisingly, that is not the first time I've heard that phrase. Would you happen to be Lonephenom in disguise?
