minimalproxy - October 24, 2012, 5:05 am

losing all the followers , the following accounts are getting banned

Cephon - October 24, 2012, 7:09 am

it got me 2 followers... thanks i guess?

PsychoSexy - October 24, 2012, 7:32 am

Haha, weird stuff going on. Twitter does prune accounts, and these accounts are made with an account generator. They have no profile pictures, or anything and that's why they get banned.

mager123123 - October 24, 2012, 9:01 am

The followers slowly start to disappear after like 5 minutes.

BanTeR - October 24, 2012, 10:57 am

Could you give me the script? Ill setup a site and make loads of accounts.
