You know he didn't scam you, you know it was some other guy. Why would you put the neutral rep on his account calling him a scammer.

Think about this. I didn't scam you. You are accusing me of scamming you on a game I don't even play. There is know way for us to help you, and your looking for someone to try and screw over. Maybe that is why?

I also know that you're reporting the wrong guy, which I deem as wrong in many ways and am completely against.

FYI, we weren't in a call with each other. He told me about what happened in text, that's all. I willingly came and helped him out.

I'm also sure that you're a child/kid aswell.

That Skype belongs to a member that's not on here anymore. His name was IzzY, and Fear Coin

<https://hackforums.net/showthread.php?tid=2942496>

A Scam thread on him.

<https://hackforums.net/member.php?action=profile&uid=1101202>

His profile

When you search up his profile ID it comes up blank for some reason.

He's also on my Skype.

I see you still haven't learned how to do trades and deals on HF.

This must be the 5th report I've seen from you being scammed.

You make these threads to raise awareness and we give you tips to have safe deals, use them instead of ignoring them like you have been.

Theres my advice.

**Tor** - November 2, 2012, 11:40 am

You should listen to Paran?rmal.

I am really sorry about the money
