Thread: [Win \\$100 Google Adwords Coupon](#)

Hemang Shah - October 25, 2012, 11:51 pm

Hello,

It's fresh google adwords coupon value \$100.

First three members to reply here will be the winners.

Just to benefit more members, the winners of immediate previous contest are NOT allowed to participate again. (this one: <https://hackforums.net/showthread.php?tid=2967719>)

Note down following further points.

1. You are governed by Google adwords TOS
2. You have to use new adword account having USA/Canada billing address and profile.
3. Just to avoid problems, I will NOT be sending code (After using the promo code, user may claim code already used !!!). So here is the procedure for winners. You have to create new account as mentioned above and send me your google adword account ID (mentioned at right top) within 24 hours. I will send you request for access to your account. Once, you accept that request, I will myself apply promotional coupon to your adword account and will confirm you.
4. Please enter this contest only if you are intending to use it and you are willing to follow procedure laid down above..

Regards,
Hemang Shah

Not trying to trash your contest but these are given out for free all the time (continuously I think).

Here is a link to get them free by Google anytime: <http://www.google.com/ads/shoplet/100.html>

No need to thank me.
