Thread: [||||||~???? \[FREE\]\[Xbox\]\[Guide\] Halo 4 armor codes \[Guide\]\[Xbox\]\[FREE\]????~||||||](#)

**Death Gun?** - October 29, 2012, 8:03 pm

Hello everyone, I felt like giving back to the community tonight, so I will be posting a link to get free armor codes. Please do not PM me for the link, I hate when people message me after the link is already on the thread.

Also, if you like this method, could you please post to keep the thread alive? Thank you. :3

Link: <https://www.legendarypizes.com/avatar.aspx>

Instructions: Go to the page and scroll down to "Claim coupon". After you click that, choose your country as "United Kingdom". Then proceed to type in a random name and email. After that is done and you hit the submit button, and you will get your code.

The only problem with this is it will give you random male or female codes, so just keep trying until you get one to match your avatar. The only way to repeat this process is either by using another browser, or using a VPN.

Edit: The good thing is, if you get a lot of female codes you can sell them for \$0.50 on another site to users for profit. ^-^

Well, I got male on the first try, but you can try and redeem it on the xbox site when you sign into your account, and if it say's something like "Incorrect gender" that's how you will know.
