Thread: [Can someone "Hack" this site / willing to pay \\$\\$\\$](#)

JappaR - October 8, 2008, 2:50 am

Alright, if someone can help me to FUCK UP this site: www.nejtack.org.

Contact me at: Dennisberglin63@hotmail.com, or reply in this thread.

I'd like if you could fuck up the site really much, like when you try to connect, gayporn appears, or something like that. :)

This is a very old post, and you have no reason to spam things who arent true.

I do my DDoS service and that's all, I have my customers, I don't deal with randomers.

I have 30 PM which are sent by you as the proof and also the money which was transferred to you via MB. That MB id is sent by you which is MB ID: kakafisken@hotmail.com. I also have that as the proof in 2 PMs which I got from you.

I have every right to let people know that you are a scammer unless you return my money.
