-Yo, it's classy to be first .

It's really nice Dan && Zixem, Keep it up.

Zixem - November 4, 2012, 10:10 am

haha great work we did there Dan :3

?Hycca - November 4, 2012, 10:10 am

When I read the name of the thread I thought it was some random site, but guess not. Good job guys.

EDIT: I'm stealing yo' song, sorry. :3

Nice work lol, which type of vulnerability you used? Was it hard?

i3D - November 4, 2012, 10:13 am

Great work as always, keep it up Dan! :D

~i3D ?

Dan i really like your work and respect the fact someone actually hacks something.

But can you put your hacks in one thread?

Its this way tutorials and other stuff get posted to the bottom and become unread by others. The section loses its knowledge that way. Can't explain it any other than this.

Hope you understand me :/.

Greetings InQontroll.

Pretty nice Dan & Zixem, but I think last time I checked/saw Zixem's twitter it said he was a

whitehat? ._.

Apple J4ck - November 4, 2012, 10:15 am

Nice work both of you .

its nice to see you are grouping together ;3

I'm whitehat, Dan is black hat.

Me+Dan=Grey==ding ding ding, Hidden HTML page.

simple math :3

BTW: We didn't switched the index...so it's not black. And sometimes, I add a hidden HTML page.

wow thats good , good job bro , i wish i knew to do things like u

HaxOr? - November 4, 2012, 11:22 am

I never knew he had a site xD

Nice job and what was the method?

Jae? - November 4, 2012, 11:29 am

I love you both so much. Another pretty high profile target.

Nope.

Isn't my fault. Tutorials should be posted @ [Hacking Tutorials](#)

Nice work to you both as always.

Can't wait for more of your defaces. :3

Taiwo1 - November 4, 2012, 2:36 pm

WELL DONE GUYS :d???

Impuhsive - November 4, 2012, 2:40 pm

Good Job you two! See you guys around.

Illicit - November 5, 2012, 12:39 am

This is a very high profile attack. Great work!
