Thread: [Funny. Ass. Review. \(Bake/Nisemonogatari\)](#)

Black Hole - November 4, 2012, 4:02 pm

So, just found this dude (can check out his channel here: <http://www.youtube.com/user/gigguk?feature=watch>) and omg, his review of Bake/Nisemonogatari made me rip a stitch (located in my anus). I had to pause the video a few times because his witticism actually made me laugh so hard I couldn't pay attention to the review.

Anyway, he reviewed my favorite anime, so I thought I'd share. Bon Appétit.

"..Cuz, while there are a few fight scenes here and there, that is definitely not the focus of the Monogatari series at all. This is mainly evident that whenever there is a fight it's more of a one-sided massacre against the main character, who would much rather resolve with these violent situations by apparently talking his opponents into submission, which always fucking works. Except for this one rare time when he bravely flexed his muscles, stood up proudly for himself and fearlessly beat the shit out of a 10 year old girl"

ALL MY FUCKING LOLS! ??

I'll give you another shaft to love...
OT: Is the anime really that good? I think it was the manga that I read, but I dropped partway.
The review makes it sound good. o.o

As far as I know...there is no manga. It's based off a short novel.

And like the review said, this anime isn't for everybody. I quite thoroughly enjoyed it however. Had a lot of fetishes which I enjoy, art, which I enjoy, and wittiness, which I enjoy. So yeah, A+ from me.

I recall a story where a guy beats up a girl who has no sense of direction and wearing a huge backpack.

Not sure if it was an anime or a manga though.
I guess if you like it, I'll give it a shot. (Y)
