Steam Account

Profile Link: (I'm not sure if you wanted my steam one or HF one so I'll put my HF one for now, if you need my steam one, I'll edit the post.)

<https://hackforums.net/member.php?action=profile&uid=881090>

Why do you deserve to win?: I've done quite bit on HF in various sections such as giveaways, thread designs and more; and I try to help in anyway I can if I have the knowledge or information. Lately I've been absent from HF due to family issues but I'm back to post and be active again. Oh, and because this giveaway is making me drool.

What will you do with the account?: If it's got a game on it, I'll pass it on to my friend who hasn't got the money to get any games; so any game at all will do fine for him.

Am I awesome?: You don't need to ask that, we already know you are. (;

Thanks for giving me the opportunity to win something here. If you need my steam profile link instead, I'll gladly give you the link.

PackTheMoon - November 4, 2012, 9:06 pm

[/b]

Am I awesome?: Clearly yes.

BLKLXVESMATTER! - November 4, 2012, 9:10 pm

Thanks for the applications so far guys.

I'll start reviewing your posts/reps in about 5 minutes, although most of my judging will be from the

quality of application/posts.

Good luck! ?

Why do you deserve to win? I deserve to win because I'm a long-time HF user who believes in giving back to the community. I've posted multiple threads in hopes of making this forum more High-Quality, including my own steam giveaways a while back. I strongly believe in helping others, whereas I hate leaching. I'm a member of honesty and integrity.

What will you do with the account? I'm a long-time steam user, and long-time PC-gamer. Usually League of Legends gives me my fill of video games, but lately it's grown extremely dull. If I win one of the accounts, I'll be playing whatever game is on it to soothe my gaming addiction while I take a break from League of Legends.

Am I awesome? Of course! Any member generous enough to give to others, or even just to help others on the forums is beyond awesome, they're high-quality and they are the reason I enjoy this forum. xP

Why do you deserve to win?: Well in all honesty I don't deserve to win since I can't do a lot of things right now to help the HF Community.

What will you do with the gamertag?: I would be playing CoD and Halo matches with the gamertag since a lot of kids say that they will have my account and stuff.

What is your favourite game?: Well its a tie from CoD 4 and CoD MW2

Profile Link: <https://hackforums.net/member.php?action=profile&uid=367291>

Why do you deserve to win?: Well, I've been on HF since 2010 and I'm trying to be a HQ user. When I first started HF it was because my friend told me to, and also because I wanted to read the threads in the Hacking section. First of all i wans't the guys posted a lot and I was younger back then, but that changed now. I'm a more active poster than I been before and when I got something nice to share, I'll share it. I did have some problems back in 2010 and early 2011. My friend who told me to join HF had my password because we were best friends. And then he called people for scammers and such things and I wasn't the best guy either. But all of that has changed now so that's why I hope to win this.

What will you do with the account?: What I will do? I do got my own account, but I think I'll give it to my littlebrother as a christmas present, he always asks to use mine and I always say no so know I wanna be a great big brother and if I win, I'll give it to him.

Am I awesome?: Yes you are. People who make these contests are HQ and awesome people.

What will you do with the Netflix account?: Watch films and TV shows. What else?

What is your favourite film/TV show?: My favourite film is "God Bless America". A film about a man who hits his life low and decides to go on a killing spree.

Why do you deserve to win?:

I deserve to win because the fact that this contest gives the chance for all users to win is a gift itself. This account shall allow me to do the thing i love the most, to game with a proud and original gamertag and to be given such privilege to explain why I need this , is what I adore. Thank you!

To extend this I have also completed a give away of 1x 14 Day xbox live trial code. Which went as seen successful :)

What will you do with the gamertag?:

With this gamertag I shall use it to play my favourite games with as stated proud, I shall show my friends and get the gamer score up by hundreds. I love original gamer tags and tend to keep them and not sell them for a fortune like many do.

What is your favourite game?:

I have many favourite games, and a few are Halo(All, especially 4), Battelfield(3 and hopefully 4 when it comes out) Call of Duty(I love all) and Dead Island. The games listed have powerful features and some amazing graphics , i love the themes of them especially Dead Island as it's a hit favourite.

Am I awesome?:

To be truthful, you are so generous to be doing such a give-away as this, You are extremely awesome and on a scale which can't be measured. I'm just speechless.

Additional Info

To conclude, I hope I will get the chance to receive this gamer tag and again thank you and praise you for the chance.

My life as a gamer will become complete with an original gamer tag.

Good Day :)
