Hey HF!

I finally decided to give back to the community, with this free service.

This is mainly for people who don't know how to do it themselves, or just don't want to :P

So basically all you have to do is either:

PM me a link to the book

Post a link to the book in this thread

and I'll get back to you as soon as I can!

Sorry for the late replies guys. I was overseas for a while.

I'll help you out very soon. Just need some rest.

Also, by PM me a link to the book, I mean upload the book to a file sharing website, and then link me to it. I will not buy the book myself.

Are you still offering this service for the HF community? And if not are you teaching?
