UltimateHax0R - November 8, 2012, 9:24 am

Hi, ive tried getting into Anime but i just can't Its just soo boring and childish and tottally over the top.

Whats soo good about it?

What Anime did you first ever watch?

Rakshasa - November 8, 2012, 9:29 am

Well here we have a shining example of human ignorance. Enjoy your worthless stereotypical conjecture. ?

Now I don't really see the connection between the moral of this thread and the question at hand, but my first anime was TTGL. Loved it ever since.

OsulMofo - November 8, 2012, 9:29 am

How about you fuck off?

You post in here and dont like it?

Sir, GTFO

Yuusha - November 8, 2012, 9:29 am

Sounds like you watched generic shounen #197515 as your first. Try something from another genre.

Anime childish and boring Well its youre opinion if its boring but childish NO think you havent seen any good anime . But why do you make something like this just gtfo ty .

Elfen Lied - November 8, 2012, 10:02 am

What anime did you watch? You found anime childish and over the top because you watched a childish and over the top anime. If you tell us what you want to watch we can suggest anime that appeal to that. Although, the majority of people don't like anime anyway.

Smexy - November 8, 2012, 10:05 am

Well why do you go in this section to make a post like this your 1 person of the other 45% disliking anime so what we dont care like brownies care about their haters :P

So... you're posting in the Anime section about how much you dislike anime?

Also, sounds like you're watching the wrong stuff if you're getting "boring" and "childish."

BaussHacker - November 8, 2012, 11:08 am

He probably watched Naruto and that's why he came up with this.

RhymeSayers - November 8, 2012, 11:26 am

This kid watched Yugi-Yo and gave this opinion.

Morchid - November 8, 2012, 11:27 am

I've never actually watched Anime before but I would like to get into it.

It's your opinion that's what matters :)

I like cookies - November 8, 2012, 11:28 am

You never watched a fast paced Anime like Bleach, Naruto etc from what I see.

I've watched Naruto few times but I don't find it that cool.

There was another one I use to watch whicched I really liked.

Can't seem to remember the name.

Malwhere? - November 8, 2012, 11:30 am

Anime is just like all of this Pony crap.

Pointless and stupid.

But hey, everyone has a right to their own opinion.

Never got into it and never will because I hate the stereotypical Anime lover.

Zeds Dead - November 8, 2012, 11:36 am

send2bemo - November 8, 2012, 11:37 am

I don't see how people like Anime, but don't be so quick to make such a bold claim.

First anime for me was DeathNote, perhaps give that a go.

PurpleHaze - November 8, 2012, 12:41 pm

Anime appeals to people who have poor social lives and are lonely. So I guess it is actually a good thing you don't like it. I have watched a little bit and enjoyed it myself... so yeah.

08rnewitt - November 8, 2012, 1:02 pm

ReaperVI - November 8, 2012, 3:15 pm

I don't care it's your opinion. But please don't post this opinion here. Honestly, just GTFO.

juniiflow - November 8, 2012, 3:24 pm

Guy's there is no need, to -Rep the dude, he is just expressing his feelings.

anyways, out of 500 anime's you at least will like one, so i suggest you tell me what kind of stuff you like:

Gore; Bloody stuff, people getting there head cut-off.

Romance; Love and love triangle's, and couple of love history's.

Phycological; Makes you think a lot of what the Main character is going to do next. (ex; Prison Break is a good comparation to this Anime)

anyways weather you like it or not, i could give two shitz, and there was no reason to make this thread.

Rakshasa - November 8, 2012, 4:06 pm

Am I the only one who finds it ironic you guys are standing up for this guy? There's a difference between expressing one's opinion, and posting a thread about how anime sucks in an anime-oriented section obviously only to blatantly provoke people..

And guys, you do realize saying that you don't care, and the fact that this thread has reached 4 pages already highly contradict each other. ???

?ntei - November 8, 2012, 4:34 pm

All I gotta say;

Haters gonna hate. :P

Layer3i - November 8, 2012, 5:05 pm

Well I would have said everyone is entitled to their opinion, but it seems you are just trolling. Anime is great not all (small percentage), but most.

Badside416 - November 8, 2012, 5:14 pm

um this is totally not the place to post this, yeah..

~Para - November 8, 2012, 5:44 pm

>mfw people post this shit in AA

What the fuck is going on here.

Wojak - November 8, 2012, 6:41 pm

Well, that's like saying "I watched one TV show and it sucked so all the other TV shows must suck too."

You have to watch at least 50 animes before you say anime sucks. Anyways, no one cares about your opinion so just keep it to yourself.

(Nov 8, 2012 12:08 PM)BaussHacker Wrote: [\[CITE\]](#) He probably watched Naruto and that's why he came up with this.

Naruto is a good anime though, especially when it comes to shounen. You can fight me if you'd like, I'm bored right now anyways :P

rxki - November 8, 2012, 6:46 pm

I don't understand why individuals post here saying they don't like anime? Implying your opinion will make me stop watching anime or make me even want to encourage you to watch anime.

You probably didn't even watch an anime, probably found something on Cartoon Network and assumed it was anime. IF you don't like it, fine. I'm can honestly say for everyone that it will not change any ones opinion on it, so it'd be best if you just get out.

XawnTheKingSlayer - November 8, 2012, 7:04 pm

Most of animes are childish, I agree with you sir!.

I have a nice list of "non-kids" anime, I've been following animes since late 90s:

Hunter X Hunter.

Detective Conan.

Gundam Wing

G Gundam

Saiyuki Reload

Kenshion

Slam Dunk (so funny I re-watched it last year being stoned the whole time).

Cheers mate.?
